Pursuant to published legal notice in the Saturday, April 3, 2010 edition of The Norfolk Daily News, Chairman McCallum opened a public hearing at 10:42 A.M. to receive comments regarding the conditional use permit application of Kevin D. and Jacqueline L. Daniel to continue a cattle/horse operation located in SE $\frac{1}{4}$  SW $\frac{1}{4}$  Section 24-23-1.

Planning and Zoning Administrator John Johnson reported that the applicant had a conditional use permit issued under the old zoning regulations and because of that, when the new regulations were approved, the applicants were allowed to choose whether they wanted to renew one time under the old regulations for a 20 year time frame or renew under the new regulations. He explained that Mr. and Mrs. Daniel decided to renew their conditional use permit under the old 1975 zoning regulations; therefore, there is no matrix. Planning and Zoning Administrator John Johnson read the conditions as outlined in the proposed resolution. He explained that the operation is located along a minimum maintenance road, with the road being graveled only to the Daniel's driveway. He reported that there isn't a sign on either end of the road indicating minimum maintenance.

Chairman McCallum questioned if Commissioner Hughes opened this road when the operation started. Mr. Daniel responded that Commissioner Hughes agreed to open up the road, but it was only graveled to his driveway. He stated that the minimum maintenance sign got knocked down or someone took it down. Chairman McCallum stated that he assumed that when Mr. Daniel started his cattle and horse operation, the road was removed from minimum maintenance status. Mr. Daniel explained that he thought the county would grade and gravel the entire road, but it was never completed. He reported that the road is very sandy and works fine for their operation.

Kevin Daniel requested renewal of the conditional use permit. He explained that he has been operating for 10 years at this location. He reported that he backgrounds calves and breaks horses and he is not making any changes from the current operation. He stated that the operation consists of 800 head of calves and 25 horses. Jacqueline Daniel also requested that the Board renew the conditional use permit.

No other public comments were received during the hearing. Chairman McCallum closed the hearing at 10:46 A.M.

After discussion, the following resolution was introduced:

After discussion, it was moved by Uhlir and seconded by Klein that the foregoing resolution be adopted. Roll call vote: Ayes, McCallum, Uhlir, and Klein. Nays, none. Motion carried.

Pursuant to published legal notice in the Saturday, April 3, 2010 edition of The Norfolk Daily News, a public hearing was scheduled at 10:45 A.M. to receive comments regarding the conditional use permit application of Arista Ranch aka OQH Enterprises to operate a riding school with a hospitality suite that can occasionally be rented out for day and night use at a location in N½ NE¼ SW¼ and E½ NW¼ Section 26-24-2.

No one appeared for the hearing. Chairman McCallum stated that the County Board does not like to approve conditional use permits without the applicants in attendance at the hearing. Planning and Zoning Administrator John Johnson stated that he is aware that this is a requirement of the County Board. He stated that the hearing could be rescheduled; however, public notice must be published ten days prior to the hearing. He explained that the other option is for the Board to open the public hearing and recess it so no additional public notice would be required.

Chairman McCallum opened the public hearing at 10:56 A.M. No one was in attendance at the hearing.

Motion was made by Klein and seconded by Uhlir to recess the public hearing for the conditional use permit application of Arista Ranch aka OQH Enterprises to April 27, 2010 at 10:00 A.M. Roll call vote: Ayes, McCallum, Uhlir, and Klein. Nays, none. Motion carried.

Chairman McCallum recessed the hearing at 10:58 A.M. to April 27, 2010 at 10:00 A.M.

Kevin Signor appeared before the Board to request establishment of keno at Taylor Creek Golf Course. He explained that several people have approached him about having keno at the golf course and he is not aware if the town has considered this issue in the past. Chairman McCallum explained that the golf course is not in the city limits, but he thought the Madison City Council was approached with the issue at one time.

Kevin Signor explained that he spoke with the owners of Big Red Keno who advised that the establishment makes between five and six percent of the sales, which would be good for the golf course and that the county makes approximately eleven percent minus a couple percent for taxes. He stated that he is simply inquiring about establishing keno, but his heart isn't set on having it. He stated that he is seeking other opinions regarding this matter. He reported that people leave Madison and go to Battle Creek and Norfolk to play keno. He stated that money is leaving town and could stay in town to be used for improvements.

Commissioner Uhlir stated that, in his opinion, the matter needs to be researched. He stated that he would like to speak to the County Attorney regarding the issue. Commissioner Klein explained that an election is required.

Kevin Signor stated that he didn't know if the County Board wanted to let the citizens decide. He stated that if a majority of the town would want keno he certainly would be willing to establish it at the golf course. Commissioner Klein explained that he believes the election would be countywide and all voters, even within the cities, would be eligible to vote on the issue. Kevin Signor responded that he has never heard of a keno issue being voted on at a county level, but if it is voted on at a county level the people in Battle Creek and Norfolk would vote against it because they wouldn't want other keno establishments outside of their communities. In addition, he stated that possibly the business owners may be the only ones who would vote against the keno issue.

Commissioner Uhlir suggested tabling the matter until more information is obtained from the County Attorney. Chairman McCallum stated that Mr. Signor needs to determine what steps he needs to complete if he petitions the keno issue onto the ballot, which may take a lot of work if it is a countywide issue. Kevin Signor stated that according to Big Red Keno the first step was to discuss the keno issue with the County Board to get the issue placed on the ballot and he was not aware of any other requirements. Commissioner Klein stated that he recalls when the City of Battle placed the issue on the ballot, part of the ballot language included what the city proceeds would be used for. Kevin Signor stated that he has never heard of county keno because usually a keno issue involves a city and the proceeds are used for park improvements. He explained that on average keno revenue is \$10,000 per week, but he is sure that Madison wouldn't meet the average and would possibly take in one-third of the average revenue.

Commissioner Klein recommended that Mr. Signor consult with representatives from Big Red Keno to determine what the county's involvement is if keno is approved. He stated that the county doesn't have any parks or recreation facilities to maintain. Mr. Signor responded that he doesn't think it matters what the county uses the keno proceeds for. He explained that the funds are electronically transferred to the county on a monthly basis and 2% is taken out for taxes. Chairman McCallum suggested that Mr. Signor research how the keno issue is placed on the ballot and Mr. Signor responded that he was told that the first step was to meet with the County Board so he did that and was seeking guidance on the next step.

Commissioner Uhlir suggested tabling the matter until additional information is obtained. Chairman McCallum stated that the Board can't make a decision because the issue has to go before the public first. Commissioner Klein stated that the research completed by Board members indicates that a public hearing is required. He stated that one way to get around a public hearing is to circulate a petition. Kevin Signor inquired why a public hearing was required if the issue needed to be put on the ballot. County Highway Superintendent Richard Johnson responded that the purpose of the public hearing is to allow the county Board to receive input about whether the keno issue should be placed on the ballot. Chairman McCallum stated that

the County Board makes the decision about the issue on the ballot if there is a lot of opposition. County Highway Superintendent Richard Johnson stated that if the keno issue is voted on countywide there may other places that would like to also have keno in their establishments. Commissioner Klein stated that most keno operations are associated with businesses that have liquor licenses. He stated that Sportsman's Bar, Divots, Fair Play Golf Course, Kelly's Golf Course, and Evergreen Golf Course may all want to have keno operations. Chairman McCallum stated that someone may even want to put up a building and operate keno.

County Highway Superintendent Richard Johnson questioned when the issue would need to be approved by the County Board to have it placed on the November General Election ballot and County Clerk Nancy Scheer responded that September 1st would be the deadline.

Motion was made by Uhlir and seconded by Klein to table the establishment of keno at Taylor Creek Golf Course until Kevin Signor could provide additional information. Roll call vote: Ayes, McCallum, Uhlir, and Klein. Nays, none. Motion carried.
